

## Ontario's Parks

There is something almost mystical about a wilderness canoe trip in Algonquin Park or Killarney Park. Perhaps it has to do with the haunting cry of the loon drifting across an empty lake, or maybe it's the unforgettable sound of wolves howling in the distance. Something reaches through time and plucks at our ancestral memories.

Whatever it is, you'll find that you feel much more in harmony with nature and yourself. After one of our "mini-vacations", you will feel revitalized, and you will be more relaxed than you have been in a long time!

# Canoe & Hike Adventures in Algonquin Park!

**Award Winning Adventures Since 1993!**

**Discover the heart of Ontario on a truly "Canadian Experience".  
A guided Wilderness Canoe Trip!**

### 3 Day Canoe/Hike Adventures

Our 3 day canoe hike is an exciting adventure for those who want a taste of paddling as well as the opportunity to get a little closer to nature. Over the course of the hike we will cover approximately 15 kilometres and we stop along the way to admire rocky creeks, rest on cliff tops, swim in clear lakes, and take note of wildflowers, mushrooms, and animal tracks. Don't forget to bring your camera because there is plenty of unforgettable scenery!

### 4 & 5 Day Canoe Adventures

People with a sense of adventure will love these trips! They are geared towards people who want more than a taste of the Canadian wilderness. These trips run midweek thereby avoiding much of the crowds found on busier weekend routes. We will paddle across many lakes, portage forest trails, swim in clear, clean waters, cook by a fire, and sleep in tents under the stars! The 5 day trips are more vigorous, and are great for more adventurous paddlers.

### 5 Day Barron Canyon Adventure

This is one of the most spectacular regions of the Park. We begin on the east side of the Park (near Pembroke). It is centred on the Barron Canyon, a spectacular gorge that was formed over 10,000 years ago by a river that carried a thousand times more water than the Niagara River! A series of lakes lead us past waterfalls, rapids, and finally a dramatic canyon lined with 100 metre high cliffs!

### 8 Day Ontario Adventure

This is the ultimate 8 day adventure! It combines a half day of ATV driving, 5 days of wilderness canoeing in Algonquin Park, and ends with two days of white water rafting down the mighty Ottawa River! After this 8 day adventure, you can definitely say that you have answered the Call Of The Wild!

### Killarney Park Canoe/Hike Adventures

Called the "Crown Jewel" of Ontario Parks, Killarney's crystal clear waters are a truly marvellous paddling experience. The millennia old mountain range provides a beautiful backdrop for camping and canoeing, as well as offering excellent trails for "Ridge Walking". This is one of our favourite adventures!

### Women Only Adventures & Men Only Adventures

The same great 4 day Killarney or Algonquin canoe trips but only for women or only for men. The emphasis is on fun, camaraderie, and learning new skills, all in a relaxed, supportive atmosphere.

### Our Philosophy

We have a refreshing approach to Eco-Tourism. Instead of the usual tourist/guide relationship, we treat all our adventurers as friends. To make this easier, we keep our groups small. This means we run our trips a little differently – everyone is encouraged to fully partake in the adventure. This is the best way for us to show you the skills required for a Canadian Wilderness adventure – after all, the best way to learn something is by doing it! We try to foster a greater understanding and respect for our quickly diminishing wilderness. Above all, our trips are geared towards people who want to experience life!

### Algonquin Park

### 3 Day Canoe Adventures

This trip is perfect for people on a tight schedule, but who still want an introduction into wilderness camping. Our guides will instruct everyone on the necessary skills and techniques to ensure a great canoeing and wilderness camping experience. We will explore several lakes on this excursion, and visit some of the most scenic areas of the Park. After this 3 day canoe trip you will definitely have the itch to return to Algonquin over and over again!
