

Award Winning Theme Weekends:

March Break Winter Wonderland

Parents and their kids will have a wonderful time during March Break in a Winter Wonderland in Algonquin Park. There are lots of activities for kids of all ages including a skating rink, a toboggan hill that seems to never end, trails for snowshoeing and beautiful walks through the snow covered Algonquin forests, and 80 km of cross country ski trail. End your day with an outdoor hot tub and sauna.

Canadian Experience Multi-Adventure Trip

This is an exciting way to "experience it all"! During this 3 day adventure you will lead a dog sled team through Algonquin forests, snowshoe through the wild bush, and cross country ski along groomed wilderness trails.

In the evenings, we stay at the rustic comforts of the Algonquin Eco-Lodge. This peaceful and secluded lodge runs on alternative sources of energy, yet it provides all the finer comforts of home including private rooms, hot showers, and even an outdoor wood fired hot tub and sauna!

Maple Syrup Magic

These spring programs are a great way to spend some time outside in the warming weather. We collect sap, the old fashioned way, and boil it down till we are left with nothing but liquid gold - pure Canadian Maple Syrup!

Our Philosophy

We have a refreshing approach to Eco-Tourism. Instead of the usual tourist/guide relationship, we treat all our customers as friends. Our trips are limited to 8 people, and everyone is expected to fully participate in the adventure.

We try to foster a greater understanding and respect for our quickly diminishing wilderness. Above all, our trips are geared towards people who prefer to experience life instead of read about it.
